Layout 7

Seating For 60 People With 60 Inch Round Tables (10 people at a table)

Layout 8

Seating For 60 People With 8 Ft Banquet Tables (10 people at a table)

- Tent can accommodate up to 60 people.
- We recommend 8 people at a table for formal events.
- Can only be set up over a grassy area because it has to be staked.
- Tent has one center pole in middle of the tent.
- Requires an area of 30×40 feet for installation because of staking purposes.
- Please see blueprints at the very top of page for tent height, width, and length.
- Tent options include lighting, sidewalls, heaters and more.
